

MEMORANDUM

To: MCWD Board of Managers

From: Darren Lochner, Education Program Manager

Date: January 22, 2018

Re: MCWD Citizen Advisory Committee appointments

Purpose:

Each year the MCWD Board of Managers appoints the Citizen Advisory Committee members for the upcoming calendar year. The Board is asked to review the CAC application materials to make appointments for 2018.

Background:

By Statute, MCWD is obligated annually to appoint members to its Citizen Advisory Committee. The CAC serves an important role in advising the MCWD Board of Managers on all issues pertinent to the functions and purpose of the watershed district. The term of this appointment will run through the calendar year of 2018. Fourteen of the eighteen individuals who currently serve on the CAC have indicated an interest in returning in that role. In addition, twelve new individuals have submitted applications to serve on the CAC for a total of 26 total applications.

Included with this memorandum is a summary spreadsheet of all eligible applicants and completed application forms. MCWD staff solicited membership through the MCWD website, newsletters, news release and reaching out to district partners.

All applications have been reviewed by a committee of MCWD staff in addition to Managers White and Miller. Following those meetings the following individuals were recommended for appointment for 2018:

Jacqueline Di Giacomo	Excelsior	Returning
Cassandra S Ordway	Long Lake	Returning
Peter Rechelbacher	Long Lake	Returning
Bradley Coulthart	Minneapolis	Returning
Elizabeth Crow	Minneapolis	Returning
Linda Jahnke	Minneapolis	Returning
Richard Nyquist	Minneapolis	Returning

David Oltmans	Minneapolis	Returning
Marc E Rosenberg	Minnetonka	Returning
William C (Bill) Bushnell	Minnetrista	Returning
Brian Girard	Orono	Returning
John F Salditt	Plymouth	New
Gerald J. Ciardelli	St. Louis Park	Returning
Drew McGovern	St. Louis Park	New
John Grams	Wayzata	Returning
Sliv Carlson	Woodland	Returning

Next Steps:

Once the committee appointments are finalized, MCWD staff will communicate with the appointed CAC members and provide an orientation to all current and new members. The first CAC meeting for 2018 is Wednesday, February 21st.

If there are questions in advance of the meeting, please contact:

Darren Lochner, Education Program Manager, dlochner@minnehahacreek.org; 952-641-4524

I grew up working for my family's lawn irrigation company. I have a civil engineering degree with a minor in construction management from the University of Minnesota. My professional experience includes 11 years of water resources related design at a consulting firm and 1.5 years as the water resources engineer at Hennepin County. Related volunteer work includes stream cleaning and tree planting events. Name Richard Nyquist Background I have been an active member of MCWD CAC for the past two years. I am working (as a private citizen/landowner) toward resolving a drainage and erosion issue that is occurring adjacent to and upon my family's lake front property in Chisago County, MN. The exposure I have to the MCWD projects and BMPs has helped me make progress on this effort (on a personal level). Name Jim Camarata	I live in the watershed and I care about the quality of our water. I see the value in having high quality lakes and streams. Address 5357 Ewing Avenue South, Minneapolis Why I Want to Serve I would like to participate in the MCWD CAC for at least one more year. A current project of special interest to me is the Arden Park Restoration - specifically the creek re-meandering and the wetlands restoration including the trails through the flood plain. Address 6340 Oxbow Bend, Chanhassen, MN 55317 Why I Want to Serve 1. I want to give back to the community.	Controlling invasive species, public education, improving our impaired waters so we can de-list some of them, and chlorides. Occupation and Employer Not Currently Employed Issues of Interest The application of chlorides to our metropolitan streets, sidewalks and parking lots continues as a local environmental threat. served as the first president of the board for four years. I have been involved in the community since moving into the	I have been involved in the neighborhood for many years centering around environmental and water quality issues. I feel I can bring valuable insight to the committee and represent the issues that arise in the more urbanized portions of the creek corridor. Having served on the CAC over the past five years has increased my knowledge so that I can better work with the neighborhood I live in to improve the quality of the creek corridor as a natural and recreational resource. I look forward to working with the Board of Governors to protect and improve the infrastructure and natural resources of the District. The past two years I have served on the CAC subcommittee to evaluate citizen submitted stormwater management grant applications. In 2016 in collaboration with my neighbor I helped design and did the installation of a rain garden designed to capture 100% of stormwater runoff from his newly constructed home's roof. I had an opportunity in 2016 to give input to the MPRB long range planning process for Diamond Lake Park leading to incorporation of a storm drain holding pond for storm water draining into Diamond Lake. These opportunities have increased my knowledge of the watershed activities and how they connect with the citizens the district serves. I want to continue to use the knowledge I have gained to 'spread the word' and educate people about the ways they can impact the world we live in.		Mary Martini Kerrie Blevens John Quincy

Prior to retirement after a short 30+ year detour into the high-tech information technology industry, my undergraduate degree and training was in Environmental Science and Mathematics at the University of Wisconsin — Green Bay. During those early years, I participated in the on-going University-sponsored Kewaunee Watershed Project and a U.S. DOT project evaluating the effects of highway runoff on water quality in the Milwaukee River watershed. In 2013, I also participated as a volunteer with the Wetlands Health Evaluation Project (WHEP) in the West Hennepin metro area. In 2016-17, I became a volunteer Master Water Steward for the Minnehaha Creek Watershed District. In my business career, I most recently focused on global R&D operational effectiveness and financial performance by leading cross-functional teams spanning Engineering, Finance, HR, Facilities, Law, Procurement, Tax, and third-party alliances and suppliers. As a member of the MCWD Citizen Advisory Committee, I bring useful experience and expertise in negotiation, strategic planning, budgeting, and project/organizational management to the group.	Becoming a Master Water Steward has given me the opportunity to "return to my roots" and refresh my knowledge and passion for water quality issues. Living close to Wayzata and enjoying beautiful Lake Minnetonka for almost 25 years, I want to contribute to the conservation and stewardship of the Minnehaha Creek Watershed for future	Continue to foster coordination and active exchange between the Citizen Advisory Committee, MCWD program and education staff, the Board of Managers, and other external stakeholders. In particular, support the Wayzata Lake Effect Conservancy implementation initiatives including the proposed Eco Park shoreline restoration and environmental education center. Expand involvement of the Citizen Advisory Committee (or a subset) in the MCWD budgeting & review process. Identify and target specific actions to expand funding or at least protect existing funding. Ensure MCWD investment optimally supports the strategic direction and mission; look for opportunities to improve the process to evaluate and measure return on that investment.	a Available on request

I have a background in natural resource and water policy at both the federal and state level. I currently serve as a board member for the Friends of Lake Nokomis and am a Big Sister with the Big Brothers Big Sisters of the Twin Cities I've participated in Earth Day clean ups since moving to the neighborhood and enjoyed participating in some of the anniversary events for the District this year.	After serving one year on the CAC, I'm finally feeling a bit more educated and informed regarding the District's work and responsibilities. I'd love the opportunity to serve again and become even more engaged since I won't need as much education this year! I feel as though my experience on the CAC has both benefited from my current work with The Nature Conservancy and benefited the work I do with other environmental non-profits in the Twin Cities.	I'm excited to hopefully see the District receive money from the Lessard-Sams Outdoor Heritage Fund in 2018 and to continue looking for ways to use state funding for the good work they are doing. I hope that my experience at the state capitol will help if possible.	Isis Stark Steffanie Musich
