

## MEMORANDUM

**To:** MCWD Board of Managers  
**From:** Tiffany Schaufler  
**Date:** March 11, 2019  
**Re:** Item 13.2: 2019 Spring Flooding Potential Briefing

---

### **Purpose:**

At its March 14, 2019 Board of Managers meeting, staff will brief the Board on the potential for spring flooding and update the Board on internal preparatory measures the District has taken to prepare. In addition to internal coordination, the District has also been coordinating with the National Weather Service, Hennepin County Emergency Management, and all 29 of the District's communities to gather information and share information on flooding potential.

### **Background:**

After the historic 2014 flooding across the watershed, the District memorialized protocols and procedures to implement during a future flood event. The District has begun to implement these procedures based on the National Weather Service's latest projection which shows a high flood risk across the state.

If there are questions in advance of the meeting, please contact Tiffany Schaufler at 952-641-4513 or at [tschaufler@minnehahacreek.org](mailto:tschaufler@minnehahacreek.org).
