Re: Comprehensive Plan – Themes and Focus Areas

At the January 22, 2015 Planning and Policy Committee (PPC) Meeting, staff will provide an overview of the major themes and focus areas that have been identified to date for the Comprehensive Plan revision. With the stakeholder kickoff meetings scheduled for February 18th, this PPC meeting will be an opportunity for the Board to confirm the major themes and identify any additional topics it would like staff and the advisory committees to focus on in the coming year.
