

**MEMORANDUM**

TO: MCWD Planning and Policy Committee

FROM: James Wisker
Director of Planning, Projects and Land Conservation

RE: Agenda item 6.1: Parking Lot Storage/Treatment LID Program

In the past, the MCWD Board of Managers has discussed the concept of managing stormwater runoff under parking lots. At the March 20, 2014 Planning and Policy Committee meeting staff will revisit the concepts underlying these past discussions.

The presentation will include a review of the purpose and philosophy of the ‘parking lot program’, a summary of how these philosophies have been implemented, and Committee discussion of how they may be carried forward in the future.

Any questions in advance of the meeting can be directed to:

James Wisker at 952.641.4509 or Jwisker@minnehahacreek.org

The Minnehaha Creek Watershed District is committed to a leadership role in protecting, improving and managing the surface waters and affiliated groundwater resources within the District, including their relationships to the ecosystems of which they are an integral part. We achieve our mission through regulation, capital projects, education, cooperative endeavors, and other programs based on sound science, innovative thinking, an informed and engaged constituency, and the cost effective use of public funds.
