PURPOSE or ACTION REQUESTED:

Resolution to support the proposed boundary change between the Riley Purgatory Bluff Creek Watershed District and the Minnehaha Creek Watershed District

PROJECT/PROGRAM LOCATION:

Parcels falling along the legal boundary between the Riley Purgatory Bluff Creek Watershed District and the Minnehaha Creek Watershed District, which crosses through the cities of Chanhassen, Shorewood, Deephaven, and Minnetonka

PROJECT TIMELINE:

The timeline will be determined by the Board of Water and Soil Resources upon completion of the petition process

PROJECT/PROGRAM COST: N/A

PAST BOARD ACTION: N/A

SUMMARY:

In September of 2016, Riley Purgatory Bluff Creek Watershed District (RPBCWD) initiated discussions with Minnehaha Creek Watershed District (MCWD) staff about undertaking a boundary change to more closely align the legal boundary between the two organizations with the hydrologic boundary. The boundary between MCWD and RPBCWD crosses through the cities of Chanhassen, Shorewood, Deephaven, and Minnetonka.

Geospatial technology has allowed watershed management organizations to more accurately determine hydrologic boundaries and align them with existing parcels, showing that many parcels are currently misassigned to one district or the other. Further, because legal boundary lines follow parcel lines, subdivisions that have taken place on larger parcels over time allow the legal boundary to more closely match the hydrologic boundary.

The analysis of parcels was conducted by RPBCWD and reviewed by District staff and the District Engineer. The analysis was conducted using GIS to determine the percentage of each parcel that lies within the hydrologic boundary of MCWD or RPBCWD. In most cases, parcels with greater than half of their land area within MCWD are assigned thereto, and those with less are assigned to RPBCWD. A few exceptions to this 50 percent rule were made in order to (1) allow parcels riparian to Christmas Lake to be in MCWD and those riparian to Silver Lake to be in RPBCWD, and (2) minimize the occurrence of adjacent parcels within a block flipping between districts.

Minnesota Statutes Chapters 103B and 103D establish procedures for petition to the Minnesota Board of Water and Soil Resources (BWSR) to adjust watershed management organization boundaries. RPBCWD has requested that the MCWD adopt a resolution supporting the submission of a petition to BWSR for the proposed boundary change. Attached are a list and map of parcels that would be reassigned.

RESOLUTION

RESOLUTION NUMBER: 17-052

TITLE: Resolution Supporting Boundary Change Between Riley Purgatory Bluff Creek Watershed District and Minnehaha Creek Watershed District

WHEREAS, as a result of the recent generation of more precise topographic data, the hydrologic boundaries between the Riley Purgatory Bluff Creek Watershed District (RPBCWD) and the Minnehaha Creek Watershed District (MCWD) can be more precisely ascertained; and

WHEREAS, these improved data and the ongoing subdivision and development of land allow for the legal boundary of these watersheds to more closely follow the hydrologic boundary; and

WHEREAS, the purpose of Minnesota Statutes Chapters 103B and 103D is to facilitate water resource management on a watershed basis, and the legal boundaries of watershed management organizations should conform as closely as is practicable to hydrologic boundaries; and

WHEREAS, Minnesota Statutes Chapters 103B and 103D establish procedures for petition to the Minnesota Board of Water and Soil Resources (BWSR) to adjust watershed management organization boundaries; and

WHEREAS, the parcels to be allocated to each district are contiguous to each, and the alteration of the legal boundary of each watershed to include the identified parcels will advance the purposes of Minnesota Statutes Chapters 103B and 103D; and

WHEREAS, the parcels changing watersheds are listed in Attachment A and shown in Attachment B;

NOW, THEREFORE, BE IT RESOLVED that the Board of Managers supports the submission of a petition to BWSR pursuant to Minnesota Statutes 103B or 103D to alter the boundaries of the RPBCWD and MCWD as described in Attachment A; and

BE IT FURTHER RESOLVED that the MCWD Administrator is authorized to fulfill all responsibilities of the MCWD to implement the boundary adjustment as approved by BWSR.
