Re: Board of Managers Team Building Proposal

If the Board chooses, the scheduled October 29, 2015 retreat agenda will be a team building discussion. The meeting will only go forward if the Board takes action at its October 22, 2015 meeting. I am asking for a decision from this Board, since the Board had previously charged me with suggesting a professional to facilitate a discussion about how we could work well together.

On October 8, 2015, I invited the Managers to review an e-mail memo and voice message from Anne Warfield, Outcome Strategist, Impression Management Professionals. Those messages described the Outcome Thinking approach that she uses in coaching decision-makers. In addition, Ms. Warfield made herself available to Managers who wished to discuss Outcome Thinking with her.

I look forward to your decision.
